SOURCE:

1. Twenty-seven single-engine, low-wing monoplanes landed on Finsterwalde airfield on 27 August.
2. On 12 August, an airforce headquarters was entrained with its equipment at the Falkensee railroad station and dispatched to Finsterwalde.

25X1A

Comment: Another source reported that the shipment had gone to Brandenburg. The present report indicates that the headquarters of the ground attack corps was transferred to Finsterwalde. This assumption is also supported by the observation of 27 IL-10's on Finsterwalde airfield on 15 August. It has not yet been determined to which regiment the IL-10's are assigned.
